

CALL FOR IDEAS:

SKIN UP

RIGENERATIVE DERMATOLOGY AND EDSTHETICHS FOR INDIVIDUAL WELLBEING

RULES FOR PARTICIPATION

Article 1. Purpose

IBSA Farmaceutici, founded in 1992, is part of IBSA (*Institut Biochimique SA*) and has its headquarters in Lodi (Italy), where the first production plant was born. Over the years, IBSA has grown rapidly, expanding its offices in Rome and its production facility in Cassina de' Pecchi (Milan), and becoming a **leading economic** and **scientific** player in the Italian pharmaceutical sector.

Currently, IBSA employs over 500 people in Italy and holds **80 patent** families on **cutting-edge pharmaceutical technologies**. Our interest in technology, scientific know-how and R&D investments have allowed the Company to build an extensive product portfolio covering **10 therapeutic areas**. Drugs, medical devices, and food supplements are developed and produced by IBSA people in Italy and sold in more than 90 countries worldwide.

Specifically, the aesthetic medicine of IBSA is the international reality bringing innovations for the **esthetic medicine**, offering solutions with a high safety and efficacy profile. IBSA has based its philosophy on **4 pillars: Person, Innovation, Quality and Responsibility**. Finally, the **fifth pillar** of the IBSA philosophy is **Accessibility**, which, together with Innovation, translates into the desire to develop solutions that allow consumers to access treatments that are today considered elite or that facilitates expert/patient interaction.

Always attentive to the market, IBSA shows continuous interest in innovative projects with value-generating solutions. The Call stems from IBSA's will to find innovative solutions in its interest areas, with which to start collaborations and / or in which to invest, and for this reason it has decided to make use of the services of Le Village by CA Milano.

Article 2. Who we are looking for and the requirements for participation

At IBSA, we value proposals engaging with the field of **esthetics medicine**, bringing the know-how and **scientific experience** of IBSA Farmaceutici into the theme of **dermo-esthetics**.

IBSA is aware of the needs of its customers and aims at expanding its role in the sector offering a wide range of products and options. The company directs the **entire production chain** of its offerings; from **biofermentation** of quality raw materials to the single vial. The realizations of our products, from **research** to **commerciality**, passes through the Made in Italy brand of which IBSA is a proud promoter.

PROCESS

IBSA is looking for organizations willing to pioneer a new approach to esthetics medicine, promoting inner, authentic beauty through **top-quality** and **innovative solutions**. IBSA will examine solutions in accordance with the company vision.

The aim of this call is **to find innovative solutions** with particular focus on:

- Solutions based on hyaluronic acid or other substances and technologies (e.g. laser, energy device) that promote tissue regeneration, with proven applicability in dermatology and/or esthetics;
- Artificial intelligence solutions or other technologies applicable in the dermatology and/or esthetics, including but not limited to those that aid in diagnosis or physician-patient interaction.
- Solutions aimed at women's health and well-being in the pre- and post-menopausal age. In particular, solutions are sought in the field of dermatology and related to the urogenital apparatus.

Article 3. What we offer

The organization(s) with the most suitable projects for the company's interests will have the opportunity to integrate their proposal to IBSA'S medical solutions, to collaborate with a team of experts for developing new products and might obtain funding for their activities.
